Lines, bars and markers

Arctest

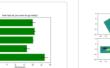

Stacked Bar Graph

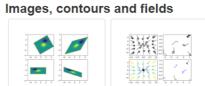

Barchart

Horizontal bar chart

Affine transform of an image

Barb Demo

Barcode Demo

Contour Corner Mask

Plot 2D data on 3D plot

Demo of 3D bar charts

Create 2D bar graphs in different planes

Demonstrates plotting contour (level) curves in 3D

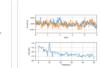

Broken Barh

Plotting categorical variables

Plotting the coherence of two signals

CSD Demo

Contour Demo

Contour Image

Contour Label Demo

Contourf Demo

Demonstrates plotting contour (level) curves in 3D using the extend3d

Projecting contour profiles onto a graph

Filled contours

Projecting filled contour onto a graph

Errorbar Subsample

EventCollection Demo

Eventplot Demo

Contourf Hatching

Contourf and log color scale

Creating a colormap from a list of colors

BboxImage Demo

Custom hillshading in a 3D surface plot

Create 3D histogram of 2D data

Parametric Curve

Lorenz Attractor
